**Dear Town and Parish Council Clerks,**

The Council's Member Development Working Group, which oversees training for District Councillors as well as certain Town and Parish Council training events (including the Parish Forum and bespoke sessions such as the recent planning course held in March), would welcome your feedback.

We are keen to understand whether the district/county-wide or parish-related subjects covered in these sessions are useful, relevant, and informative for your council. In addition, we would value your views on whether there are any other subjects you would like the Working Group to consider when planning future training sessions and forums.

Finally, please let us know whether the timing of the current night-time training sessions are accommodating (or you are just content to receive a copy of the recording due to attendance difficulties) as our aim is to ensure as many Town and Parish Councils as possible benefit from these opportunities?

Thank you in advance for taking the time to share your feedback.

Kind regards

Macer
